CECILWARE®

Since 1911

# Revolutionizing Frozen Beverage Preparation Worldwide!!!

## Blend & Serve Frozen Beverages In The Same Cup

The Revolver® system is a single portion blending machine that blends a host of traditional favorites such as Milkshakes or Malts, Iced Cappuccino, Iced Coffee, etc. into delicious tasty treats.

Real fruit smoothies combining crushed ice, yogurt, fresh fruit, and fruit juice are no problem. Best of all, the Revolver® blends these beverages in the same cup that's given to the customer so there is:

- NO Messy Clean Up
- NO Container Sanitizing
- NO Waste

*All in Just a Few Seconds*

### Features and Benefits:

- **No Product Waste** - At the end of the day, saving money is what it's all about. And that's what the Revolver® offers. The Revolver® blends all ingredients in the same cup that's given to the customer, so you're guaranteed not to waste a single ounce!!!
- **Less Labor Required** - Since all blending is performed in the cup, there are no containers to clean.
- **Reusable Blending Lid** - Choose this lid when blending beverages which contain ice or frozen pieces, such as frozen fruit.
- **Disposable Blending Lid** - Perfect for milkshakes, mixing soft serve ice cream with flavor concentrate or syrup, mixing granita and powder mix, etc.
- **Blending Intervals** - Blends from 5 to 25 second intervals with pulse mode too!
- **Quiet** - Known to be *the quietest blender in the world™*, the Revolver® whispers its way through the blending process, fast.
- **Direct Drive Locking System** - Ensures proper alignment of blending cup in machine, resulting in a smooth blending cycle.
- **Open Door Safety System** - The blender automatically shuts off as soon as the door opens.
- **Requires Minimum Countertop Space** - Only 9" of countertop space needed.

### Optional:

- **P.O.P. Merchandising** - The Revolver® can display customized P.O.P. graphics on sides of the blender.
- **Central Marketing Module** - An attractive P.O.P. display sign that hold cups, lids and powder packs.

perfectly blended with no containers to clean and no waste

**Total blending right within the cup!**

***Creating a milkshake has never been this easy!***

- 1) Pour the single portion packet into a cup
- 2) Dispense granita
- 3) Place blending lid on cup and blend for

Cecilware sells 2 and 3 flavor granita dispensers as well; choose from 2½ gal. or 4 gal. bowls.

*With the Revolver® System...  
your blending possibilities are endless*

*Just a selection from the thousands that can be produced!*

Frappés  
Iced cappuccino  
Iced coffee  
Iced sports drinks  
Fruit slush  
Soft ice cream  
Frozen cocktails  
*and the list goes on . . . .*

*The only limit to the ways of producing smoothies and other blended favorites is your imagination!*

## Why Choose Cup Blending Versus Traditional Container Blending?

The advantages of portion cup blending versus traditional container blending are... It's fast, less labor intensive and eliminates all waste associated with over estimated portions.

Bottom Line . . . *IT WILL SAVE YOU MONEY!!!*

## Choose a Blending Style

### A Disposable Lid Disposable Cup

### Disposable Lid with Pull Off Protective Tab

### A Blending With The Disposable Blending Lid and Cup

Perfect for creating family favorites such as milkshakes or beverages that do not have ice cubes, simply place all ingredients into the cup and place the lid on top. Fitting snug on the cup, the blending lid blends the entire contents of the cup into a delicious, frozen beverage. Pull off the protective tab covering, insert your straw and enjoy.

*Single Portion Blend • Eliminates All Waste • Saves You Money*

### B Reusable Lid Reusable Collar Disposable Cup

### C Reusable Lid Reusable Cup

### B Blending With The Reusable Blending Lid and Collar

For perfectly blended smoothies and delicious frozen beverages, the reusable blending lid and collar is a fabulous way to create these yummy favorites while still watching your bottom line. Portion blending and fast cleanup is still foremost on the list of importance with the Revolver® system. The blending lid fits over the cup and twists onto the blending collar. Place upside down in the Revolver® and let it blend. When finished, remove the lid and collar from the cup and hand the treat to your customer topped with any style lid!

*Single Portion Blend • Eliminates All Waste • Saves You Money*

### C Blending As a Traditional Blender, But With The Revolver Twist - Reusable Lid and Reusable Cup!!!

It may not always be necessary to utilize the "in the cup" blending method. That is why with the Revolver®, single portion blending is still possible using the reusable lid and cup.

*Single Portion Blend • Eliminates All Waste • Saves You Money*
