Designed Smart

Developed for High Output!

- The APW Wyott M-2000 Bun Grill can generate up to 1100 bun halves per hour.
- Bun Grill is available with extended super feeder to allow for high volume production.
- Fast heat-up allows your operation to react to surges in volume.
- Constructed with a special element embedded into the griddle plate to produce the most efficient heat.

Fastest Bun Toaster in the Industry!

- Initial bun placed in the toaster is perfectly caramelized in 17-18 seconds.
- Continuously feeding buns in the top slot will result in a toasted bun every 6-7 seconds.

Perfectly Carmelized Buns!

- Patented "self-leveling" conveyor automatically adjusts to various sizes of buns, bagels, and Texas toast.
- Butter roller and pan consistently covers buns with the perfect amount of butter.
- Durable nickel plated cast aluminum griddle plate is controlled with a solid state thermostat adjustable to temperatures between 200 and 575 degrees.

Easy to Maintain and Service!

- Removable side panel allows easy access for service.
- Front panel is easy to remove. Conveyor belt lifts out for easy cleaning. Allows direct access to clean griddle surface.
- Compact, vertical design allows unit to fit into tight counter areas.

Built Solid

Built to Last

- Stainless Steel construction protects against kitchen 'wear and tear' and rust.
- High Heat insulated wire is used for long life.

Reliability backed by APW Wyott Warranty

- All APW Wyott Bun Grill Toasters are backed by a 1-year parts and labor warranty, including on-site service calls within 50 miles of authorized service technicians.
- Certified by the following agencies:
