

BUNN®

announces the new

JDF-2 SILVER SERIES™

A low-cost alternative for superior cold drinks

Features include:

- Patented High Intensity™ mixing chamber ensures consistent drink quality from the top to the bottom of each glass.
- JDF-2S will pump and mix 4:1 high viscosity and 5:1 FCOJs (from concentrate orange juice) and other from concentrate beverages.
- Compatible with frozen or ambient products (including remote bag-in-box setups).
- Delivers more cold drinks than any other juice dispenser in its class.
- Modular dispense deck, easily removable water bath recirculation pump, and other design features make service fast and simple.
- Machine can be set for push and hold or portion-control dispensing.

Choose BUNN JDF-2S, the most flexible juice dispenser in its category.
