

## Concepts™ Serving Systems

Radial Ice Cooled Serving Counter

Project	
Item	
CSI Section 11400	
25.522	
Date	

#### **Models**

- DCRU-IC2 Radial ice cooled serving counter, fits two standard 12"x20" pans
- DCRU-IC3 Radial ice cooled serving counter, fits three standard 12"x20" pans
- DCRU-IC4 Radial ice cooled serving counter, fits four standard 12"x20" pans
- DCRU-IC5 Radial ice cooled serving counter, fits five standard 12"x20" pans

#### Standard Features

- · NSF-7 certified performance
- Stainless steel pan clip
- · Heavy duty stainless steel top
- Reinforced stainless steel front and rear removable panels
- · Heavy duty base support structure
- Standard on 6" legs
- 1" drain
- · Removable perforated false bottom
- Highdensityfoamedinplaceenvironmentally friendly, Kyoto Protocol Compliant, Non ODP (Ozone Depletion Potential), Non GWP (Global Warming Potential) polyurethane keeps energy costs low
- · 36" work height
- · One year parts and labor standard warranty

# Options & Accessories

- Granite, Hanstone and Solid Surface top materials
- Laminated base panels
- Finished stainless steel or laminated end panels
- Décor panels
- · Graphics packages
- FlexiShield® foodshields
- Signage with overstructures, lights and heatlamps
- · Mechanical access doors
- Casters (stand alone units only)
- Kickplates (units with legs only)
- Adapter plates and bars
- Tray slides
- 34" and 30" work heights

### Specifications

**Exterior body** is constructed of 0.75" Luan reinforced front and rear panels with 22 gauge stainless steel skin and 1" polyethylene horizontal rib supports. Horizontal brace on rear is constructed of 18 gauge galvanized steel. The exterior ends are unfinished.

**Exterior top** is constructed of 14 gauge stainless steel. Horizontal top supports on front and rear are constructed with 18 gauge galvanized steel. Top end supports are 12 gauge stainless steel.

**Interior base** bottom is constructed of 16 gauge galvanized steel. Vertical base support braces are 14 gauge galvanized steel.

**Insulated ice pan** is 9" (23cm) deep and constructed of 22-gauge stainless steel. A removable, perforated false bottom 1" (2.5cm) high, constructed of stainless steel, is supplied. The ice pan is separated from the exterior top by a thermal break and fully insulated with foam in place environmentally friendly, Kyoto Protocol Compliant, Non ODP (Ozone Depletion Potential), Non GWP (Global Warming Potential) polyurethane

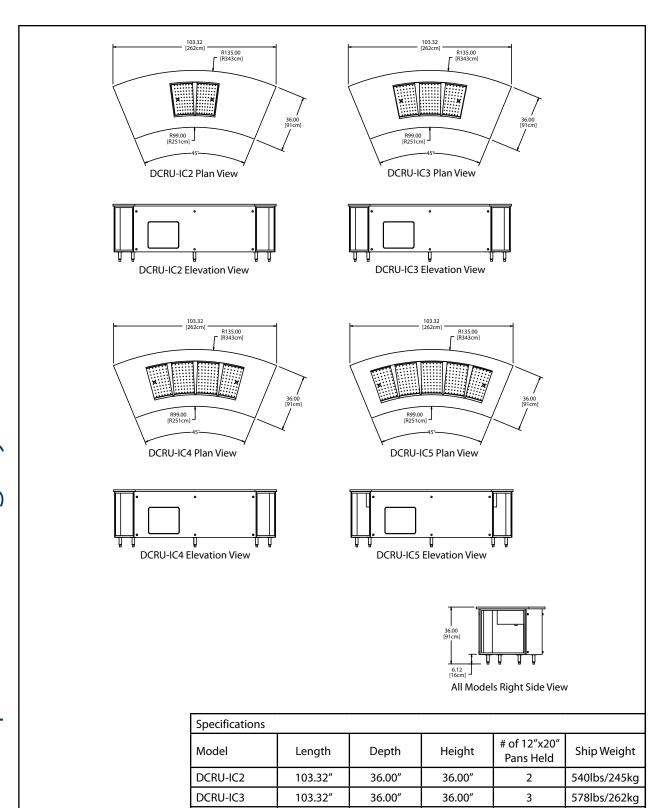

insulation. Ice pan is equipped with a (1" (2.5cm) I.P.S. drain plumbed to drain valve located toward the operator side bottom inside unit base.

Legs: Bases mounted on 6.12" adjustable legs.
