Specifications

Exterior: Exterior body is constructed of 18-gauge stainless steel side panels or 18-gauge galvanized reinforced laminate panels. 14-gauge galvanized bottom. All exterior side panels are reinforced with overlapping corners and are welded in place. All insert cutouts are reinforced with 14-gauge galvanized channel supports.

Exterior top: is constructed of 14-gauge stainless steel, welded, ground and polished into one integral unit. Top is fabricated with square exterior corners with fully hemmed nosing on all sides. Stainless steel fully retractable interlocks are installed on opposing corners and locks units into a complete serving system.

Interior Lining: At the cashier's end is an 18-gauge stainless steel liner, with a stainless steel bottom shelf. Unit has an 16.5" x 16.5" x 5" (42cm x 42cm x 12.7cm) stainless steel cash drawer with lock and key.

Casters: Unit is mounted on 5" (12.7cm) diameter swivel polyurethane casters with non-marking tires and plate brakes. Casters are bolted directly to the 14-gauge bottom of the base. Overall height of caster assembly is 6.00" (15.2cm).

Styling: Units are standard with 18-gauge stainless steel exterior sides. Laminate is an option available at no additional charge. Decal packages and canopies are also available.
