Tomato Saber™ Model No. 943 Series

FASLINE

**TOMATO
SABER™**

Prince Castle's Tomato Saber™ slicer is designed to precisely slice whole tomatoes. With the exclusive Perma-Tight™ disposable blade cartridge system, this unit never requires blade tightening or adjusting. Engineered for durability and long life, the Tomato Saber™ features self-lubricating bearings, a blade guard, and a contoured Tomato Pusher. The unit is shipped with a Tomato Catcher, Table Stop, and Tomato Core-It™.

PRODUCT SPECIFICATION

Model No.	Slice Size
943-A	3/16" (.48cm)
943-B	1/4" (.64cm)
943-C	3/8" (.95cm)
943-D	7/32" (.55cm)
943-W	3/16" (.48cm)

LIMITED WARRANTY

This product is warranted to be free from defects in workmanship for a period of 1 year from date of original installation, not to exceed 18 months from date of manufacture with the exception of the blade cartridge/ blades. Blades cartridge/ blades are warranted to be free from defects at the time of delivery only. Any component which proves to be faulty during the warranty period will be replaced without cost to the customer for parts only.

This warranty is subject to the following exceptions/ conditions:

- This unit is considered carry in; charges for on-location service (e.g., trip charges, mileage and labor) are not included under the provisions of this warranty.
- Damage caused by carelessness, neglect, and/or abuse (e.g., dropping, tampering or altering parts) voids this warranty.
- Blades are warranted to be free from defects in material and/or workmanship at the time of delivery only.

INSTALLATION

1. After you have removed the Tomato Saber™ from the carton, inspect the unit for signs of damage. If there is damage to the unit:
 - Notify carrier within 24 hours after delivery.
 - Save carton and packing materials for inspection purposes.
 - Contact your local Prince Castle dealer or the Prince Castle Customer Sales Department at 1-800-722-7853, if purchased directly, to arrange for a replacement to be sent.
2. Verify that all parts have been received.
 - Tomato Saber™ slicer and Perma-Tight blade cartridge.
 - Tomato Catcher – neatly catches tomato slices.
 - Table Stop Assembly – stabilizes unit for easier slicing.
 - Tomato Core-It™ – easily removes cores before slicing.
3. Place slicer on prep table or flat surface.
4. Attach Tomato Catcher to slicer by sliding bottom cutouts over knobs at far end of unit. See figure 1.

figure 1

IMPORTANT: Use of the Tomato Catcher is optional.

5. Attach Table Stop by first removing two knobs from the operator end of slicer. Align the two holes of Table Stop with the holes in the base of the slicer. Reattach the two previously removed knobs over the Table Stop. See figure 2.

figure 2

IMPORTANT: Use of the Table Stop is optional.

OPERATION

CAUTION: Blades are extremely sharp. Keep fingers away from blades.

IMPORTANT: The Tomato Saber™ is designed to slice *tomatoes* only. Using it to slice other products will damage the slicer and void the warranty.

1. For best results, use fresh, ripe tomatoes. Tomatoes should not exceed 3-1/2 inches (.76cm) in diameter.
2. Core the tomato using Prince Castle's Tomato Core-It™. Make sure to remove the core completely.
3. While holding top handle with one hand, grasp round pusher handle with other hand, and pull carrier assembly all the way back.
4. Position tomato against Tomato Pusher with core side down. See figure 3.

figure 3

5. While holding bridge with one hand, grasp round pusher handle with other hand. Push tomato completely through blades with **ONE QUICK, FIRM STROKE** until the pusher head stops. See figure 4.

figure 4

6. After tomato has been sliced, remove tomato slices from Tomato Catcher.

CLEANING

CAUTION: Blades are extremely sharp.
Keep fingers away from blades.

IMPORTANT: The Tomato Saber™ must be cleaned after each use.

1. Remove Tomato Catcher and Table Stop to clean separately. *Note: Do not remove Perma-Tight™ blade cartridge from unit.*
2. Spray slicer with hot water to remove any tomato residue.
3. With hot, soapy water, scrub Tomato Pusher using a nylon brush. With same brush, clean blades from back side.
4. Rinse unit with hot water.
5. Let air dry.

REPLACING BLADES

1. Grasp round, red handle and pull carrier assembly all the way back.
2. While holding the bridge with one hand, firmly grasp the blade cartridge by the finger grip with other hand. Pull the blade cartridge all the way out. The blade clip will release the cartridge. See figure 5.

figure 5

3. Slide in the new blade cartridge with arrow facing up. See figure 6.

figure 6

4. Firmly push the blade cartridge into place until it snaps into the blade clip. See figure 7.

figure 7

5. Properly discard the old blade cartridge using the packaging from new blade cartridge.
