

WFAE-30F FRYER

WFAE-30F FRYER

Wells WFAE-30F High Production Open Fryer is engineered to meet today's high quality food service standards. The sleek, compact design of the WFAE-30F takes up less space than a standard fryer and uses up to 25% less oil than similar models.

Features

- **Automatic Oil Temperature Control** ensures precise temperatures to produce consistent high quality products while minimizing energy consumption.
- **Flat bar element**, located below the basket, is heavy-duty stainless steel with a low watt density for longer oil life.
- **Repeat cycle timer** activates using one push button operation.
- **Oil filter system** is easy to operate and combined with Flavor Saver Filter Powder will **substantially increase oil life**.
- **Automatic basket lift cradle** raises basket above oil at end of timed cook cycle, maximizing handling safety.
- **Cover** opens and closes automatically with the basket.
- **Round frypot** is constructed of spun stainless steel with a 30 lb. oil capacity.
- **Nickel-plated, perforated steel basket** has a detachable handle for lowering and removing basket from the frypot.
- **The WFAE-30F fryer** is Underwriters Laboratories, Inc. LISTED and meets NSF International standards.
- **A one-year warranty** against defects covers parts and labor.
