Save Time and Money Today!

The X*PERT SeriesThermo Drawer is the perfect complement to your roller grill. It will improve customer satisfaction with hot, fresh, quality food in a timely fashion. It will improve your overall operations by minimizing waste and reducing labor all while adhering to HACCP food safety standards.

Designed Smart

Innovative Design BENEFITS

- NEW "Larger & Deeper Drawer" designed to accommodate both standard size products as well as larger "jumbo" sized items.
- Drawer is totally removable for easy cleaning and utilizes heavy duty bearing/roller design for many years of problem free performance. Design will hold up to the tough demands of any self-serve application.
- The Space Saver/Slim-line design allows for this unit to be used with any roller grill system or as a stand-alone products "Heat, Hold & Serve" piece of foodservice equipment.
- *Increase holding times* for up to 6 hours without sacrificing the quality and appearance of the product
- Reduce waste from over-cooked product on the roller grill
- Ensure even heat distribution with innovative radiant heating system
- . Heat a variety of items at the same time
- Saves space by fitting under your current roller grill with no loss of counter space
- Makes product transfer fast, safe, and sanitary
- Optional Wire Rack for heating breaded product

Easy to Use Controls

- Simple control system makes unit extremely easy to operate
- Set the timer switch to a specified time and unit will go into HEAT mode
- · Automatically enters HOLD mode when timer hits zero

Innovative Heating System*

- Soft Black Body Radiant heat source used for even heat distribution
- No hot spots in drawer
- Product temperature variance under 10°F while in HOLD mode.
 - *Patent Pending

APW Wyott Design Features

- Four Models to fit directly under virtually all industry standard roller grills
- · Surfaces inside and out are stainless steel
- · Removable drawer & heat pan for easy cleaning
- Optional Wire Rack for heating breaded product
