Project _____

Item No. _____

Quantity _____

All data is shown per oven section, unless otherwise indicated.
Refer to operator manual specification chart for listed model name.

EXTERIOR CONSTRUCTION

- Stainless steel top, front and sides
- Stainless steel door, right hand hinge
- Tempered viewing window
- Door mounted condensate trough

INTERIOR CONSTRUCTION

- Fully welded stainless steel frame
- Fully insulated cooking chamber
- Fixed drain bottom center of cavity

OPERATION

- Tilt down control panel for service access
- Modular controls allow for field upgrade to digital controls
- Standard control with four function selection switch for steam, hot air, combined steam/hot air and cool down
- Solid state rotary dial thermostat - range 150-500°F (66-260°C)
- Synchronous motor driven 120 minute timer
- Automatic shut-down at elapsed time with audible buzzer which continues until manually shut off
- Door interlock switch shuts off oven when door is opened
- Open vented system
- Waste air quenching. Condenses steam and drains away by-products of the cooking process, eliminates flavor transfer
- Automatic steam regulation
- Self-contained, self-flushing steam generator separate from cooking compartment for instant steam recovery when switching modes
- External decalcifying access
- Cooling fan protects controls
- Maximum capacity - 8 steam table pans, 8 half size bake pans

STANDARD FEATURES

- Five (5) stainless steel wire shelves
- Eight (8) position pan holder (ten position available in lieu of eight position)
- Pressure spray bottle
- Hose and spray assembly for interior cleaning
- Factory installed water pressure regulator and vented drain assembly
- Start-up inspection service by factory authorized service agent - operational testing and installation inspection
- One year parts and labor oven warranty*
