

BUNN® INFUSION® SERIES

ICB DV

ICB Twin

ICB Tall

ICB Twin Tall

The BUNN® Infusion Series® Coffee Brewer line incorporates BrewWISE® technology with a digital display for easy programming and versatility.

The BrewWISE intelligence digital system will store a variety of coffee brewing recipes. And pre-infusion technology allows you to get maximum flavor extraction. By pre-setting the three coffee profile selection buttons, you ensure that your customers will receive the same great coffee every time.

The ICB models allow you to brew full or half batches directly into a variety of servers. Easily transport these servers to meeting rooms, breakfast bars or any other remote locations.

Easy-to-service machine with front and top access to all components.

For more information, please contact your BUNN Sales Representative at 800-637-8606 or visit www.bunn.com.

International customers, please call +1-217-529-6601 or email international@bunn.com
