*announces the new*

## JDF-2 SILVER SERIES™

**Gourmet Cold Beverage System**

### **A cost effective alternative for superior cold drinks**

Features include:

- Patented High-Intensity™ mixing chamber ensures consistent drink quality from the top to the bottom of each glass.
- JDF-2S will pump and mix 2:1 to 11:1 ratio liquid iced coffee and other concentrated beverages including 4:1 and 5:1 FCOJs (from concentrate orange juice).
- Compatible with frozen or ambient products (including remote bag-in-box setups).
- Modular dispense deck, easily removable water bath recirculation pump and other design features make service fast and simple.
- Machine can be set for push-and-hold or portion-control dispensing.

Choose BUNN JDF-2S, the most flexible cold beverage dispenser in its category.
