High Volume Liquid Coffee Dispenser

High volume Coffee-On-Demand dispenser meets the requirements of banquet halls, convention centers, stadiums and hotels

The LCR-3 HV now provides a solution for delivering large amounts of coffee on demand from a fully refrigerated system. Refrigeration extends the coffee's flavor profile and shelf life by guarding against high temperatures. Perfect for banquet facilities and large events, it holds up to three 1-gallon bag-in-box containers (BIB) and delivers up to 145 gallons of coffee per hour.*

- Delivers hot coffee on demand at 6 oz. per second.
- Three phase or single phase operation.
- Optional "Auto-Switching" function automatically switches from an empty BIB to a secondary BIB.
- Delivers three portion sizes using a rotary selection switch.
- LCD Screen for programming and user interface
