

Deluxe Serving Shelf

ASSEMBLY INSTRUCTIONS

Parts List

qty	part #	description
1 . . .	303533	Top Panel
5 . . .	300518	Lock Nut 1/4-20
1 . . .	varies by size	Acrylite
4 . . .	301192	Screw 10-32 x 5/8
4 . . .	301571	Nuts Hex 10-32
1 . . .	n/a	Left End Panel
1 . . .	n/a	Right End Panel
4 . . .	301192	Thumb Screws

1 Supports

With the stainless steel top upside down, line up 1/4-20 weldstuds with holes provided on stainless steel supports. Once in place, secure same with 1/4-20 lock nuts.

Note: There is a right and left support.

2 Acrylite

Once end supports are assembled to stainless steel top, flip upright. Position acrylite panel so that the holes (on the acrylite) match the holes provided in the stainless steel end support. Secure acrylite panel to the end supports with the black thumb screws.

3 Assemble to Table

On an Eagle hot food table, looking at the ends, remove the 2 front most screws. Once the screws are removed, place the deluxe serving shelf on the hot food table. Line up the end support holes with the holes on the table top flange. Once in place, replace screws into original holes.

Note: Make sure the acrylite faces the customer side.
