# Fryer dump station

MODEL **FDS-100**  
**FDS-200**

FDS-100 with optional heat lamp.

Fryer dump station model FDS-200 shown with optional overhead heat lamp.

## General Information

Henny Penny portable dump stations help improve frying production, save on counter space, and offer flexibility of use and location.

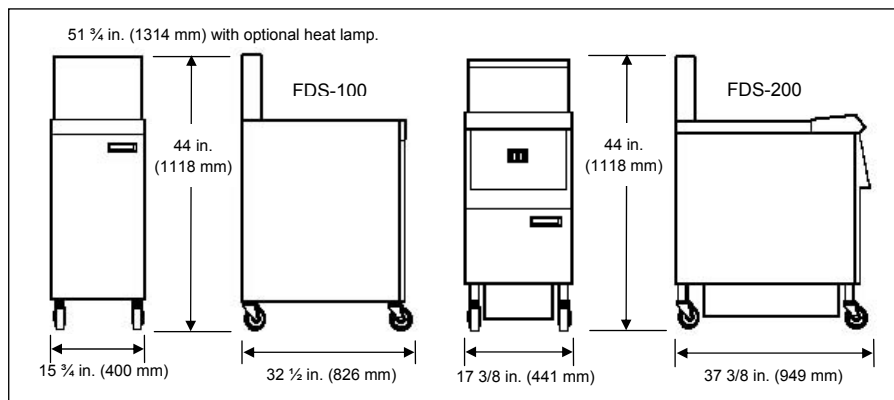

The FDS-100 is a compact, portable fryer product dump station utilizing a standard steam table pan with enclosed storage below.

The FDS-200 is designed to the same dimensions and profile as the 320 Series fryers. This model features a perforated stainless steel insert and separate drain pan with cover.

Both models are available with optional 120V, 750W heat lamp.

## Standard features

- Top quality stainless steel construction.
- FDS-100 features:
  - Crumb pan removes for easy cleaning
  - Accepts standard 12 x 20 in. (305 x 508 mm) steam table pan
- FDS-200 features:
  - Perforated stainless steel insert sloped for scooping French fries or other small fried items
  - Removable side drip shield
  - Drain pan with cover
- Convenient enclosed storage inside unit with hinged door access.
- 4 swivel casters, 2 locking.
- Optional heating lamp.
