Hand breader/sifter

MODEL **HB-121**

Model HB-121 hand breader/sifter configured for right to left work flow. (Sheet pan sold separately.)

General Information

Henny Penny breading systems are designed to produce a consistent look and taste to breaded fried or baked product while saving labor and counter space, and reducing breading and product waste.

The HB-121 hand breader/sifter is a self-contained, portable station that lets employees dip, bread, sift and stack food by hand quickly using a minimum of floor space. Hand breaders offer the greatest control of coverage and density.

Standard features

- 300 grade stainless steel frame and sifting basket.
- Fully enclosed 0.25 hp motor and drive assembly generates special “eccentric” sifting action.
- Breading lugs hold 25 lbs. (11.4 kg) of breading.
- 2 interchangeable lugs—1 for breading, 1 for sifted breading.
- Angled frames extend legs for greater stability.
- Removable splash guard.
- Heavy-duty casters, two locking.
- Quick disassembly for easy cleaning.
- Choose right or left-hand workflow.

Dimensions

Height: 47 1/4 in. (1200 mm)
Width: 67 5/8 in. (1718 mm)
Depth: 26 1/2 in. (673 mm)

Crated weight 180 lbs. (82 kg)

Crated dimensions

Length: 37 3/8 in. (949 mm)
Depth: 25 1/4 in. (641 mm)
Height: 51 in. (1295 mm)
Volume: 27.9 cu. ft. (0.78 m³)

Work flow configuration

Please specify:

- ☐ Left to right work flow (dip pot on left)
☐ Right to left work flow (dip pot on right)

Product capacity: 25 lbs. (11.3 kg)

Electrical: 0.25 hp motor

Volts	Phase	Cycle/Hz	Watts	Amps	Wire	Plug
120	1	60	504	4.5	2+G	NEMA 5-15P
240	1	50	790	1.5	2+G	N/A

Laboratory certifications

Bidding Specifications

- Provide Henny Penny hand breader/sifter model HB-121 designed to integrate all aspects of breading into a single portable station.
- Frame and sifting basket shall be constructed of 300 grade welded stainless steel. Breading lugs are of rugged, inert polyethylene.
- Units shall feature motorized “eccentric” sifting action to maximize breading usage.
- Units shall be designed with angled and braced legs for greater stability.
- Unit includes 1 dip pot, 1 dip basket, 1 drip tray, 2 plastic lugs, 1 lug plug, 1 sifter, 4 casters (2 locking), 9 ft. (2.7 m) power cord and plug.
